RAW BAR

WHAT IS A RAW BAR?

A bar consists mainly of fruits and nuts, not subjected to heat treatment. Therefore, RAW products maintain a high amount of **vitamins and enzymes** that are partially lost in food processing. RAW bars have a 100% natural composition. It is a delicious, **healthy snack** for people who care about a healthy, varied diet. RAW bars provide good calories and a portion of fiber for the whole day.

gluten FREE | lactose FREE | NO sugar added | VEGAN PRODUCT | NO palm oil
